

## A new look for Arts on the Lake

This summer you will notice construction taking place on the roof, siding, doors and windows of the Lake Carmel Cultural Center. This work to secure and tighten the structure is being paid for by the previously announced \$400,000 grant secured by the Town of Kent.

The classes and performances in June will be the last events in the Center until work is completed in the fall. However, as you can see under [Events](#), many of our programs will continue at other locations.

While construction takes place on the shell of the building, we hope to work on the rooms we use so that upon return the performance/gallery space will have track lighting, appropriately flexible stage and seating, a higher ceiling and more functional bathrooms. These interior improvements are expected to cost about \$30,000. Although we have some funds and pledges in hand, we must appeal to our friends and supporters so the work can be completed this summer.

Whether by mail or on-line, donations to the Building Fund assure Arts on the Lake's continued growth and are fully tax-deductible.

We encourage you to be generous and urge you to invite your neighbors to join in as well.

Why wait? [Donate online now](#).

YES, I (we) want to help Arts on the Lake continue to grow.
